

NRU - L3

Features & Application

- .High quality Strip light
- .Low power consumption
- .maximum wattage 14.4w/m
- .Completely smooth and even light spread
- .Flexible and can be fixed on uneven surface
- .Good quality light available in 3000K/4000K/6000K
- .Applied in Architectural decorative lighting, Emergency & security lighting .etc

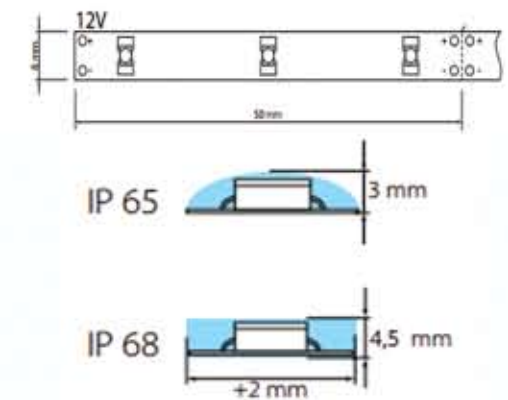

LED Linear Light

IP65 & IP68

Flexible and can be fixed on uneven surface

Product Model	L3		
Rated Power	6 W/m	12 W/m	14.4 W/m
LED Quantity	150 leds 5M	300 leds 5M	360 leds 5M
Light Color	3000K/4000K/6000K /R/G/B/A/RGB		
Beam Angle	120 °		
Input Voltage	DC12V/AC220V		
Control Mode	Constant Voltage		
IP65 Waterproof	Epoxy cover waterproof, Epoxy Resin,PCB surface is encapsulated with plastic Gel.		
IP68 Waterproof	PCB both surface and back are encapsulated with plastic Gel, with plastic fastener.
